We are required by law to keep health information confidential. Authorization for the disclosure of health information to someone who is not legally required to keep it private may cause the information to no longer be protected by state and federal confidentiality laws. In accordance with state and federal patient privacy laws, including HIPPA (the Health Insurance Portability and Accountability Act of 1996) this Notice describes how your health information may be used or disclosed and how you, the patient, can get this information. Please review this Notice carefully.

PERMITTED USES & DISCLOSURES: The law permits us to use or disclose your health information to the following:

- Another specialist or physician who is involved in your care.
- Your insurance company, for the purpose of obtaining payment for our services.
- Our staff, for the purpose of entering your information into our computerized system
- Other entities during the course of your treatment, in order to obtain authorizations, referral visits, scheduling of tests, etc. Much of this information is sent via fax which is a permitted use allowed by law. We have on file with these sources, verification for the confidentiality of the fax used and its limited access by authorized personnel.

- We may release some or all of your health information when required by law. Except as described above, this practice will not use or disclose your health information without your prior written authorization.

Federal and state law allows us to use and disclose our patients' protected health information in order to provide health care services to them, to bill and collect payments for those services, and in connection with our health care operations. We also use a shared Electronic Medical Record that allows both our physicians and staff access to our patients' health information. The purpose for this access is to expedite the referral of patients within the BASS Medical Group, other providers, and to assist in providing and managing their care in a coordinated way. Information in the Electronic Medical Record can be released outside the BASS Medical Group only with the patient's express authorization or as otherwise specifically permitted or required by law.
